# RUSD Area 3 candidates discuss strengths, weaknesses, goals

BY NICOLE BUSS  
FOR GOLD MOUNTAIN NEWS MEDIA

Voters will decide between three candidates - Jen Brookover, Jennifer Kaiser and incumbent Rachele Price - for one open seat on the Rocklin Unified School District Governing Board for Area 3 on Election Day, Nov. 5.

The Placer Herald sent each candidate questions to get a better understanding of what type of politician they are. Here are their responses:

Jen Brookover is a counselor who supports students with the college application process. She was a high school counselor for 13 years. She

taught middle school and high school English for seven years. She has lived in Rocklin for eight years.

Placer Herald: Why are you running for the Rocklin Unified School District board?

Brookover: As a career educator and a RUSD parent, I decided to run because I will be a strong advocate for students, teachers, and parents. A focus of my campaign is that I am student-centered.

Often, students have expressed that the majority of the current board members do not ask for their input or listen to them. I will meet with students on a regular basis to give them an opportunity to talk about their concerns. I became a teacher and a counselor because I truly love working with

students, and as a future board member, I will make my decisions based on what is best for students. As a RUSD parent of young kids, I am invested in the RUSD community. With 25 years of experience in education, I know educational laws and policies and will

Two young fans are thrilled for the opportunity to meet Kings star Malik Monk and have their picture taken with him at the Westfield Galleria at Roseville.

# MEET THE KING

### Star player Malik Monk draws huge crowd at Westfield Galleria

BY MIDORI SPERANDEO  
FOR GOLD MOUNTAIN NEWS MEDIA

One of the most popular players for the Sacramento Kings drew

massive crowds at Roseville's Westfield Galleria Shopping Center over the weekend of Oct. 19-20. Fans were thrilled to meet and greet star player Malik Monk, as he helped kick off the Kings' new season with fans.

This is the second year the Westfield Galleria has hosted a season kickoff extravaganza. The event included live

performances by the Kings dancers and a visit from team mascot Slamson, but the marquee event was the presence of Monk, who sat on a stage while fans patiently waited in line to briefly meet him and have a picture taken with him.

"Last year was huge, I think we had 1500 people last year, and I think we broke that number

this year," said Jeff Richardson, senior general manager of Westfield Galleria.

Monk joined the Kings in 2022 and in July of this year he re-signed with the Kings after making a significant impact during his short run with the team.

People of all ages waited in line to meet Monk, many adorned in Kings jerseys and ready for their

pictures with cell phones and cameras.

Richardson said the Westfield Galleria is excited to host a joyous season kickoff such as this. It's an opportunity for the community to celebrate their professional team and a chance to show off Roseville's thriving shopping center.

### Loomis man celebrates his 80th by playing golf in all 50 states

BY JORDAN GEORGESON  
FOR GOLD MOUNTAIN NEWS MEDIA

For many people, it is a lifelong dream to retire and spend the rest of your days playing golf. It is the stereotypical way to enjoy retirement but for one Loomis man, it became a part of his bucket list.

Mike Barber first picked up a set of clubs at the age

of 5 when his dad asked him one Sunday morning if he wanted to try golf. He began golfing competitively at the age of 10 and has played the game for most of his life. When Barber retired from Aerojet in 2012, he realized he had played golf in 13 states over the course of his career. He decided it would be his life goal to play in the remaining 37.

"I knew we were going to have some opportunities to do some traveling and I figured that I might as well see if I can do this,"

Barber said. "My wife was the chairman of the board for the Girl Scouts in this area. She had to make a couple of trips, one to Philadelphia and one to Ohio. I wasn't doing anything so I went with her. I was able to pick some states there, a couple of states like Kansas and Nebraska I picked up on the way back from a wedding in South Carolina, but the rest of them mostly were planned trips."

On Aug. 21, Barber's 80th birthday, he could finally

**Man charged with killing mother, brother in Granite Bay**

BY MIDORI SPERANDEO  
OF GOLD MOUNTAIN NEWS MEDIA

A man accused of a double homicide in a Granite Bay home on Monday was arraigned in court Wednesday for the crimes, according to the Placer County District Attorney's Office.

Josef Meinzer, 36, is charged with killing his mother, Janelle Meinzer, 67, and brother Lance Meinzer, 48, Placer County officials confirmed.

Around 8 a.m. Monday morning, Placer County Sheriff's Deputies were called to a home on Lou Place and Oak Leaf Way in Granite Bay, for a report of suspicious circumstances. Placer Sheriff's officials closed off the vicinity during their investigation, in the area of Oak Leaf Way from MacDuff Drive to just south of Lou Place. Residents were asked

to avoid the area and to shelter in place.

Investigators soon discovered that Meinzer was inside the home. After hours of negotiations, the suspect surrendered around 11:45 a.m., and was arrested. When investigators entered the home, they discovered the dead bodies of a man and woman.

After investigating the case, the Placer County Sheriff's Office submitted its case to the Placer County District Attorney's Office, which led to the filing of the murder charges against Meinzer.

Meinzer appeared in court on Wednesday, and was appointed a public defender. His arraignment was continued to the next court date of November 6 in Department 20 at 8:30 a.m.

Meinzer is currently held at the Placer County jail without bail.

**Roseville postal worker robbed at gunpoint**

BY MIDORI SPERANDEO  
OF GOLD MOUNTAIN NEWS MEDIA

A postal worker in Roseville was robbed at gunpoint Tuesday, according to Roseville Police. The USPS employee was in the area of Mockingbird Street delivering mail at around 2:15 p.m. on Oct. 22, when

the victim was approached by a person who demanded the victim's postal keys.

Roseville Police say a brief struggle ensued and then the suspect displayed a handgun and stole the victim's postal keys. The Roseville Police Department says it is cooperating with the US Postal Service

to minimize the potential risk to the community, as the stolen keys grant access to all mailboxes in the 95747 area.

The Police Department is advising the community to be vigilant and take immediate measures to prevent mail theft and mail fraud such as

checking your mail daily, and stay alert and contact Roseville PD for any suspicious behavior near your mailboxes.

Roseville Police are following leads and trying to get the postal keys back so they aren't releasing any more information about the case at this time.

# Old Town Pizza honored by Placer County

PLACER COUNTY

The Placer County Board of Supervisors present Old Town Pizza with a commendation honoring its 25 years of operation and service to the community.

BY STACEY ADAMS  
OF GOLD MOUNTAIN NEWS MEDIA

In honor of Old Town Pizza celebrating 25 years of operation this year, the Placer County Board of Supervisors presented the pizza joint with a commendation Tuesday.

Old Town celebrated its silver anniversary in July. The original location in Old Town Auburn

opened in July 1999 and has since expanded to a multi-restaurant operation with locations in Auburn, Lincoln and Roseville.

"It is appropriate at this time to highlight its history of achievement and underscore the positive impact it has had within the communities it serves," the commendation states, noting Old Town Pizza

contributes to the Placer community's success and sustainability as it gives back through hosting and participating in fundraising events for local schools, public safety agencies and nonprofit organizations.

Each member of the board expressed their appreciation to Old Town Pizza for its support of the community.

"I just really appreciate

not only the work you all have done, but you've provided great jobs. Your staff are wonderful and you've given back to our community," District 1 Supervisor Bonnie Gore said.

District 2 Supervisor Shanti Landon added, "You've done such a great job of showing resilience and entrepreneurship and innovation, and you're always thinking of

the next thing and I just admire that about you so much and appreciate that you always give back to the community."

The board approved Old Town Pizza's commendation in a unanimous vote.

Reese Browning, founder and chairman of Old Town Pizza, shared his first 25-year career was with Hewlett Packard, which instilled in him

the importance of employees and introduced him to Placer County in 1979.

Browning said the pizza joint has been "able to shift and pivot to stay relevant and for guests to still enjoy coming to Old Town Pizza. And I appreciate the collaboration with Placer County and with the city of Lincoln and Roseville and Auburn, and it's like a match made in heaven."

## The Process

"Well, I gotta get home. Can't sit here all afternoon. Good ride, guys. Where are we going Wednesday?"

Getting ready for the next ride has just started.

If you're like me, and I pray you're not, you don't just jump on your bike in the morning and ride to meet your group. It is at least a 24-hour procedure.

Below, you will find my process. You may find something here you are not doing; you know, something that will complicate your life just a little more. If you are a non-rider and for some odd reason reading this, you might gain some insight

Tom Frady  
Life in the bike lane

into what a cyclist goes through. I'm guessing you golfers and pickle people do this kind of stuff, too.

Sometime 20 to 12 hours before the ride, I check the Lincoln Hills Cyclists' Ride Calendar. I register and study the map to see if there are any surprises. I print the cue sheet and load the course into my Garmin.

If I am the ride leader, I must plan the route. I usually decide to what bakery we're going, then build a route around that. If I am training for something, EVERYBODY has to train with me. It might take me an hour to decide, put the route into Ride with GPS and post it all on the Ride Calendar. If I'm in a hurry, I will find one of my old routes and use that, maybe with a slight edit.

I put my insulated water bottles (75-percent filled) in the freezer and set my Garmin and camera out on the dining room table.

I look at the hourly weather forecast to facilitate the wardrobe

decision. If there is any threat of rain, I will check radar. I very seldom dress wrong. I set out my heart rate monitor, along with a jersey, shorts and socks and any cold-weather gear I might need.

Next, it's out to the garage to check my tires and pump them up, if necessary.

Before I go to bed, I put out all I can for tomorrow's breakfast.

Sometimes, I will run over the route in my head as I fall asleep, just to see if I can remember it. It's like counting sheep, but with less baa-ing.

Comes the dawn, I'm up and get dressed.

Sunscreen on my face. I fill the space in the frozen water bottles and put them on my bike, giving each tire a hopeful squeeze.

I eat in front of the TV (more weather!). Then it's time to don any other clothes needed, grab the camera, phone and Garmin and head out the door.

My goal is to be at my bike 40 minutes from when I got up, which gives me 20 minutes to pull everything else together and ride to the starting point.

Once in the garage, I turn on the Garmin and listen as it beeps

recognition of satellites, monitors and phones. Sunscreen on arms and legs. Shoes, gloves, hat, helmet, sun glasses, first aid kit, money, energy bar and emergency energy gel are all in a crate near the bike.

I walk the bike out of the garage, close the door and engage Live Track, so my wife and a few others can follow me while I ride.

I hit "Ride" on the Garmin. There are several comforting beeps.

Click. Click. I'm off. It's .54 miles to the rendezvous with a large number of riders who have just gone through a similar process.

We'd like to share with you why you can trust our election procedures and processes.

#### Rigorous checks and balances

We complete public state-mandated tests of ballot-counting equipment to ensure it is properly reading and tabulating votes. After every election, we hand count ballots from randomly selected precincts to see if the machine tally matches the hand count.

#### Secure mail-in voting

Our system of checks and balances extends to the processing of vote-by-mail ballots.

When we issue your vote-by-mail ballot, it is given a unique identifying number that appears only on the ballot return envelope. When you return that ballot, our staff compares the signature on the envelope with the signature on file to ensure authenticity. To ensure our staff can accurately compare signatures, they receive forensic signature verification training; signatures flagged as nonmatching are reviewed again by at least three staff members. Any discrepancy leads to immediate contact with the voter to resolve the issue before the identification envelope is opened.

Once we verify your signature and that you have not yet voted in this election, only then will the ballot be separated from the identification envelope and processed for tabulation. Your voting history is part of your voter file and is updated in real time. If we see you have not yet voted in the current election, then we will give you credit for voting. Our staff will mark you as having cast a ballot in our system, and that information is immediately transmitted to the Secretary of State. If you move within the county or state, your

voting history moves with you.

#### Transparency at every level

Transparency is a pillar of election administration. Every step of the process is open to observation by the public. Anyone can watch all aspects of the elections process, including ballot counting, ballot scanner testing and the election canvass, an internal audit required by state law. We also encourage people to apply to be poll workers to witness firsthand our dedication to fairness.

We are also required to publish Election Night results and continue publishing updates until every eligible ballot is counted. During the elections canvass, we will continue to count ballots that are post-marked on or before Election Day, as long as those ballots are received up to seven days after the election (no later than Nov. 12). In this election, all counties are required to certify their final election results 28 days after the election (Dec. 3), which gives us time to complete ballot counting and the post-election manual tally, plus gives voters time to cure any defects with their signatures.

#### Constant improvements

We continuously work to improve election security and constantly update our procedures to stay ahead of any potential threats. Our election systems undergo a detailed certification process, and we work with cybersecurity experts to ensure our systems are protected against any interference.

We also welcome public feedback and have made improvements based on the suggestions of voters and election observers. Your trust is essential to a functioning democracy, and we are committed to earning and maintaining it.

#### Opportunities to get involved

As always, we are here to answer your questions. Your voice matters. As your election officials, our role is to ensure that your ballot is safe, secure and counted, allowing that voice to be heard on Election Day.

## LOOKING BACK LOOMIS

### 1999: Pizza Factory, community volunteer receive Awards of Merit

25 years ago  
Nov. 4, 1999

The Cowpoke's fifth annual Fall Gathering will include a number of talented people performing cowboy poetry and music, including Rod Casteel and Dallas McCord.

Members of her family gathered to celebrate with Vivian Rasmussen on her 90th birthday.

The Loomis Heritage Foundation launched a campaign to save three historic buildings in town. The foundation purchased the Blue Anchor fruit sheds, the Blue Goose shed and the old railroad depot. Hamid Noorani, president of the Heritage Group, unveiled a plan to fund the projects.

Thanks to a bond issue passing with 69-percent approval, a groundbreaking ceremony took place for the new H. Clarke Powers School in Loomis.

Paul's Place Association handed out its 1999 Awards of Merit for Outstanding Community Achievement to Diane Stilwell and The Pizza Factory. Along with her husband Wayne and their children, Diane provided countless hours of volunteer assistance for Del Oro High School and community events. Through the years, The Pizza Factory provided unpublicized assistance for Paul's Place, Loomis Lions Club, Del Oro High School, local youth sports and other organizations. Since 1986, Paul's Place Association awarded more than \$39,000 in college scholarships to Del Oro seniors.

The employees of Raley's Loomis Superstore will hold a United Way fundraiser for the Red Cross Disaster Relief Fund.

Barnum and Bailey, two foals from auctions in Canada, arrived at the Penryn home of Barbara and Jack Patison. According to United Animal Nations, the two foals were among thousands of others born to Premarin mares. Premarin (or pregnant mares' urine) was a menopausal drug made of pregnant mares. An estimated 40,000 pregnant mares were forced to stand in stalls with urine collection devices strapped on for as many as six months out of a year.

Montgomery, 53, a native of Wheeling, West Virginia, and a resident of the Loomis area for 24 years. He was employed at Aerojet as a Productural Engineer.

The Placer Joint Union High School District decided to concentrate on holding Del Oro at 1,200 students and explore the creation of a new campus. Another option had been to expand the school to accommodate 1,800 students.

Loomis Union School District Board of Trustees met regarding the non-renewal of Superintendent Tom Howell's contract.

The city of Rocklin considered annexing the Sierra College campus. Rocklin Mayor Paul Heyenga, along with Clinton Malloy and Bill Radakovitz, explained the benefits to the college of annexation.

Lorretta Hoskins of the Loomis 4-H Club gave a demonstration on her dairy project titled "Buying Milksters."

Franklin 4-H member Linda Montero reported on the club's activities. Giving reports included Erin Burke, Kelly Portner, Donnie Vance, Don Woodcock and Tim Dowd.

Rhonda Nelthorpe and Alice Sanford of the Penryn Chapter of the Order of the Eastern Star witnessed the installation of the Grand Officers in Anaheim.

Lena Dias, or "Aunt Lena," as she was affectionately known by, celebrated her 90th birthday. She was born in Penryn on Oct. 18, 1884. In 1898, the family moved to Rocklin where her father, John H. Gregory, was a printer and postmaster before becoming a well-known judge in the area. In June 1914, Lena married Joseph Dias and they moved to Loomis. In 1923, Lena became a clerk in the Loomis Post Office, where she worked until retiring in 1954.

Funeral services were held for Mrs. Ellen Bertha

Hutton, 75, a native of Boston, Mass. At the age of 5, her parents, Mr. and Mrs. John Leahy, moved to Placer County. Ellen lived in the Rocklin-Loomis district the remainder of her life. Her father was a blacksmith, having learned the trade in Ireland. A large gold mine was located on their ranch near Loomis.

7-year-old Joyce Callison, daughter of Mr. and Mrs. Elbert Callison of Penryn, was one of the first polio victims in Placer County. After long months in the hospital, she completely recovered.

Sometimes, we seem to think all disagreements in Germany are with the Russians. However, the three Western zones of Germany pointed up the inability of the Western Powers to see eye to eye in the proposed merger.

How much longer is Hawaii going to wait for statehood? For the past several years, the matter had been under serious consideration to add the 49th state. The question was also whether the people of Hawaii want to be a state.

The Calumet Farm in Lexington, Ky., had two horses, Citation and Whirlaway, that won the Triple Crown.

Charles Ponzi died in Rio de Janeiro, leaving an "estate" of \$75. Many Americans under the age of 40 would not recognize the name. But older folks recalled that brief period in 1920 when people believed he was a financial magician. He took in about \$15 million from investors who wanted to get 50-percent interest in 45 days that he promised. Only the early birds, however, were paid from the money Ponzi got from others. Ponzi lived like a king until the bubble burst. When it was all over, he was holding a prison cell and his gullible investors were holding the sack.

(Standing Guard-oral histories) Life in Tule Lake relocation Center was the same daily routine. As Jack Hayashida put it, "It's the same old, same old every day. They clang a bell and you go running to the mess hall for breakfast, lunch and supper." Recalled Tamiko Hata, "Lots of pork and beans. That lamb stew, oh, the smell! They must have used old lamb or something."

## FROM THE ARCHIVE | EVERYBODY JUMP

Courtesy of Placer County Museums, Auburn Journal Collection

Come and jump on trampolines, located on Oakwood Drive and operated by Joe Christiany and Ray Jackson. These trampolines are proving popular among the physical education classes at Sierra College, as this photo from the Oct. 20, 1960, edition of the Auburn Journal will testify. At 10 o'clock each Tuesday and Thursday morning, physical education classes from Sierra College, under the supervision of Homer Ostrom, can be seen doing their exercises on the tramps, which are so good for young and old alike.

GUEST EDITORIAL

# Would you hire the candidate who's running for office?

When you vote, ask yourselves, would you actually hire the candidate to do the job they are running for?

Over the next couple of weeks, we will be voting for several local state and federal offices. A critical question many voters forget to ask is, is this candidate qualified to hold the position? If it were your business, would you hire them? Many candidates run for their own ego, for their own self-importance,

Robert Dugan

to grind on some social ill, or to feather their own nest! It's easy to run for office complaining about someone else's record, but are they qualified? Do they

know how to actually get something done?

Those questions are most acute at the local level. For city or county office, do they understand the purpose and mission for which that local government municipality exists? Have they prepared themselves by studying how the budget works? How the governance structure works? Are they committed to the services they exist to provide?

If somebody is running for a school board, are they committed to the school's mission of educating our children in reading, writing, arithmetic and science? Are they committed to helping every student become smarter every year and setting them up to become successful adults? Or do they just want to grind on some social issue they think should be added to the mission? When it comes to districts that

ensure our public health, safety and infrastructure, are they qualified to understand what is required to ensure we have sufficient roads for mobility? Safe drinking water? Sanitary wastewater systems? Effective fire departments?

There are so many people screaming shrill myopic narratives with no real understanding of what to do if they get elected. It may make us feel good, but it puts our very quality of

life at risk. Some elected officials spend years and still showed no evidence that they ever even learned those things, and I would argue were a liability to those local government agencies, and the efficacy of the services you and I pay taxes for.

If they don't have the skills, knowledge or background, you would never hire them for the job. Why would we want to vote for them? Food for thought.

## Park Drive in Rocklin has become a 'speedway'

Dear Editor,  
I am writing this on behalf of the residents that have homes backing up to Park Dr. in Rocklin - starting specifically at the intersection of Crest Dr.

and Park Dr. and ending at the intersection of Park Dr. and Whitney Ranch Parkway. Since Park Dr. has opened up, it has become a speedway in spite of the 45 mph signs, particularly at

night as the top of Park Dr. is a favorite parking spot to take in the beautiful views of the valley below.

I live in a 55+ development and approximately one and a half years ago, our community had a Town Hall meeting at our Clubhouse to address the issue of speeding, cars cranking up their motors and doing "doughnuts" while on Park Dr. In addition to the speeding, one resident brought in a bag of trash that people had thrown into his backyard along this same stretch of road. There were reps from the Rocklin City Council, Fire Department and Police Department, and there were many suggestions only to be told there is really nothing anyone can do about this issue. For a while, there was some

beefed-up police presence which helped, but not for long.

Unfortunately, a neighbor's home fell out of escrow as the potential buyers were made aware of this traffic issue. This seems to indicate that this issue is affecting home values along Park Dr. My neighbor has still been unable to sell their home.

I would just like to say that when home values decline due to lawlessness and disrespect, so does the community and our quality of life.

My husband and I love our neighborhood and community. I hope our city leaders will revisit this ongoing issue along Park Dr.

Thank you,  
Madeline Brown  
Rocklin

## Retiring supervisor Holmes endorses Nader

Placer County Supervisor Jim Holmes, known as "the face of the foothills," has recently endorsed me for the District 5 Placer County Board of Supervisors. It is an incredible honor and a privilege to receive his support.

This is Supervisor Holmes' quote: "I believe it is in the best interest of Placer County to elect Wayne Nader as the District 5 Supervisor."

Holmes is well regarded for his dedication to his constituents and commitment to the community. As a longtime resident of Auburn, I hope to continue this legacy by representing District 5.

I am very grateful to

have the backing of a leader who operated a small business in our community and spent over three decades in public service through serving on school and fire boards, and now retiring from the Board of Supervisors at the end of this year after serving 20 distinguished years on the board. His devotion to Placer County, and especially the Auburn area, is unmatched. I am humbled to follow in his footsteps as he passes the baton to me.

work with the various stakeholders of our district.

PH: What are RUSD's biggest strengths and weaknesses right now?

Brookover: RUSD's greatest strengths are its students and the amazing things they accomplish every day as well as our teachers and staff. RUSD has a reputation for academic excellence, which is mainly due to the hard-working and dedicated professionals who are truly dedicated to students and families. Additional strengths are the Spanish immersion program at Quarry Elementary, the GATE program at Rocklin Elementary,

and Whitney High School's award-winning Broadcast Journalism program (just to name a few). RUSD's weakness is school board trustees who focus on politics rather than education. The voting record of our school board, including voting against the elementary science curriculum and appealing the lawsuit from the California Department of Education, has overshadowed the great accomplishments of our district.

PH: What are your goals for RUSD? How do you plan to accomplish this?

Brookover: I want to focus on education, support teachers and staff, and provide a safe environment for all students. I will work with the Rocklin Teachers Professional

Association (RTPA) by communicating with them, collaborating with their leadership and membership, and supporting them by providing resources they need. RTPA has officially endorsed me as a candidate because they know that I will support teachers. As a Moms Demand Gun Sense Candidate, I will encourage the district to continually notify families about safely securing guns at home and to promote mental health awareness for our students. We need to increase the number of school counselors at all levels and begin hiring social workers, who can work with families in a proactive manner.

You can learn more about Brookover at [www.brookover4board.com](http://www.brookover4board.com).

Jennifer Kaiser did not respond to The Placer Herald's Q&A emails.

Rachelle Price is the current school board vice president. She was the president in 2022. She is the current president of the Placer County School Board Association. She also has served as president for the Rocklin High School Parent Club and Granite Oaks Site Council. She also has been part of the Granite Oaks Middle School Strategic Planning Committee and Rocklin Unified Strategic Planning Committee. She has lived in Rocklin for 24 years.

PH: Why are you running for the Rocklin Unified School District board?

Price: My goals and priorities remain the same as they have since 2019 when I first applied and was unanimously appointed to the board. Every student matters. I believe in public education as we literally see it shape our future right before our eyes. I also believe great schools are the backbone of the Rocklin community as the excellent schools bring good families which bring good businesses.

PH: What are RUSD's biggest strengths and weaknesses right now?

Price: Our biggest strength has always been our people. We have amazing students and families and their

engagement is key to our success. Their involvement in school activities and decisions ensures a variety of perspectives are considered. We have fantastic teachers, support staff and administrators. I know that strong relationships between all our stakeholders really matter.

Rocklin Unified, like all districts in our state, is chronically underfunded. We don't have unlimited resources and therefore as trustees, we have to make tough decisions. We wrestle with making difficult decisions with the limited resources available to us.

PH: What are your goals for RUSD? How do you plan to accomplish this?

Price: I have worked tirelessly, and will continue to give my best efforts over the next four years to provide opportunities for every student to grow academically. We will see enhanced student achievement as we continue to focus our best efforts on policies and initiatives that improve student learning outcomes. I hope every student can be college and career ready, whether that is through advanced placement classes or needed interventions. Rocklin's graduation rates are one of the highest in the state and I will continue to prioritize providing Rocklin students with the best education possible to

compete and succeed at the highest levels upon completion of high school.

I will continue to pursue safety as a key priority for Rocklin students. We have an amazing partnership with our local law enforcement agencies which allows for open communication and collaboration. Every student deserves access to a safe learning environment. As a member of the RUSD safety committee, I will continue to spend time and energy in this area.

Rocklin families continue to value our Visual and Performing Arts programs. I have been and will continue to be a huge advocate of our programs starting at kindergarten. My goal is every elementary student has exposure to the arts so when they enter the secondary sites they are prepared to participate in and take advantage of the robust options and programs Rocklin schools provide.

I will also continue to prioritize engaging parents in the education process including supporting their children's academic, social, and emotional development, curriculum selection, budget decisions, committee participating, collaborating with teachers and staff, and other critical decisions.

“Our goal is to bring a lot of people into the center and expose them to all of our wonderful new shops but also be part of the community and support the Kings as well. This is our only professional team here so it is a perfect marriage,” said Richardson.

While many other retail stores are struggling, Richardson said the Westfield Galleria is doing

surprisingly well, with 30 build-outs this year (meaning stores either remodeled, moved to a new location in the mall or new businesses came to the center). In an average year, the mall would have five to seven build-outs.

“Roseville is alive and well; our sales are up, our traffic is up and people still want to come in and touch and feel merchandise, and have the experience,” said Richardson. “I’m sure it’s not true across the United States, but it’s definitely

true here in Placer County.”

Monk was available for pictures for more than an hour, and while it must have been challenging to smile and pose for hundreds of pictures during that time frame, he did so with grace and friendliness to his fans. Monk missed the Oct. 17 pre-season game due to right hand soreness, so fans are hopeful he would be healed and ready for the team’s next game on Oct. 24 against the Minnesota Timberwolves.

cross the final state off of his list as he played a round at Shelter Bay Golf Course in Wasilla, Alaska, with grandson Anton Barber. He said it was a bittersweet moment when he finished the round, and a memory he will carry with him forever.

“It was both a relief and a joyous feeling,” Barber said. “The day we played it was kind of bad weather, but I didn’t care. It was a real joyful feeling, and also somewhat of a relief that I don’t have to plan anymore trips to do this.”

The biggest trip Barber took was to New England, where he knocked out seven states over a two-week period. He said on the majority of his trips, he found a way to do tourist activities while also hitting the local links to check off states.

“We went to see Mount Rushmore, the Cochise monument, which is still under construction, and the Badlands when we were in the Dakotas. We did a lot of tourist stuff there,” Barber said. “One of the neat things that happened when we went there was I found this golf course that the front nine was in North

Dakota and the back nine was in Minnesota. Some people call that cheating, but I counted it.”

Barber played several iconic golf courses over the course of his 12-year journey, which included places like the University of Mississippi Golf Course that the collegiate team uses. Out of all the courses, Barber said The Coeur d’Alene was the one that stuck out to him the most because it is the only course with a moveable island green.

“They have this island green that they spent \$7 million on the mechanism that allows them to move it back and forth. It’s the only course I know of where you actually have to take a boat out to the green,” says Barber, who noted he hit the green on his first attempt. “It’s just an absolutely gorgeous golf course. I would honestly go back there and play again if I got the opportunity.”

During the course of his quest to play 18 in all 50 states, Barber ran into some roadblocks along the way. Some trips were canceled or rescheduled when COVID hit in 2020, and other times he had to change plans due to weather.

Every course he played

was public except for one in Arkansas where he had to smooth-talk his way on.

“We were on our way back from Florida from a graduation for one of the granddaughters, and we stopped to play in Mississippi, Tennessee and Arkansas,” Barber said. “I booked a tee time in Arkansas, and then the weather report said it’s going to be pouring all day so we went

to the Clinton Presidential Library instead. When we got done with that, the weather was just absolutely gorgeous.”

Barber quickly pulled out his phone and found a private course nearby. He took it upon himself to walk in and explain to the worker he was trying to play in all 50 states. He convinced the worker to give him the guest rate, helping

cross the Natural State off his list.

“That was probably the closest I got to having to find a course on the go,” Barber said. “Every other place I’ve either known that I could walk on or already had a tee time arranged.”

Now with his biggest item scratched off of his bucket list, Barber says he looks forward to just golfing where he wants to golf

and while he has courses he would like to hit, he is just going to focus on his game.

“I’ve already played St. Andrew’s in Scotland; that was an awesome experience,” Barber said, noting there is one course that has always eluded him. “What I’d really, really love to do is be able to play Pebble Beach, but who knows if that’ll ever happen?”

## Tigers ready for showdown with Twelve Bridges

BY MATT LONG  
OF GOLD MOUNTAIN NEWS MEDIA

If someone would have told Adam Reinking at the beginning of the season that his football team would have been playing for a league championship in week nine, he would have believed it.

The Tigers must beat Twelve Bridges (4-0 in league, 8-0 overall) to win that league championship. Twelve Bridges has proven to be one of the top

Division IV teams and top teams overall in the area with big wins over Division II school Whitney, Division III school Christian Brothers, Division IV school Placer and Division 5 school Casa Roble.

Roseville's (4-1, 6-2) only league loss was a game they should have won against Yuba City or they'd enter this game with a 5-0 mark. They also lost a non-league game to West Park.

Unfortunately for the Tigers, they will play this

game without their top two runningbacks, D'Marcis Gresham and Graham Dahle, who both suffered concussions in last week's win over Nevada Union. The Tigers, however, have two things going for them: one, the game is at home and two, the desire to win a league championship and to hang that banner in the gymnasium is something that's been burning in the team's soul from the start of practice, and it can't be underestimated.

"We feel like we've got a good understanding of what they're trying to do offensively and we've been focusing on what we're going to do and how we're going to do it," Reinking said. "Offensively, we're going to use all of our assets, and we've got a bunch of guys who can make plays. Even with D'Marcis and Graham out, I still think we've got guys that we can put in there who can make plays."

"I think you're going to

see the best version of Roseville High School football and win or lose, I can confidently say our kids will be ready to play. I think you're going to see a competitive football game Friday night.

"We've got an opportunity to win a league championship and hang a banner and every team wants that opportunity. The only people that think that will happen wear 'Roseville' on their chests, but we embrace the challenge."

"I love coaching against

the best and my players love playing against the best. We're really excited for this game."

Roseville is coming off a 28-17 win at Nevada Union. For the second consecutive week, the Tigers played a really good fourth quarter allowing them to pull away and win. Roseville found itself trailing 10-7 early in the third quarter, before a 22-yard touchdown pass from Mason Susnara to

## DINK FOR PINK A SUCCESS

BY MATT LONG  
OF GOLD MOUNTAIN NEWS MEDIA

The second annual Dink for Pink was held Sunday at the Johnson Ranch Pickleball Complex. Sixty-four women participated in the event in a quest for a cure for breast cancer. Nearly \$4,500 was raised for the Sutter Roseville Medical Center breast cancer services and programs. "Last year the phrase dink for pink got my attention, and I thought of no better way to play pickleball, which I'm addicted to, with fellow women and raise money for a good cause," said Cindy King. "As a result, this was my second year of organizing Dink for Pink and we plan on doing it again next year."

## Rocklin runs over Grizzlies

BY MATT LONG  
OF GOLD MOUNTAIN NEWS MEDIA

Two teams with identical records met Friday night in Rocklin and it was the Thunder coming away with a 35-21 victory over Granite Bay.

Both teams entered the game at 3-1 in the Sierra Foothill League and 6-1 overall, but it was the Thunder who improved to 4-1 and 7-1, while the Grizzlies slipped to 4-2 and 7-2.

The game featured two very different halves; in that the teams combined for seven consecutive touchdowns out of nine possessions in the first half, while in the second half only Rocklin found the end zone one time. The Thunder's run game was the difference the game. Derek Keeley rushed for 137 yards on 23 carries, while Rafi Merino picked up 123 yards on 16 carries, as the two gained 260 yards on 39 carries. Merino scored three touchdowns, while Keeley scored once. The offensive line of Garrison Blank, Henry Hatada, Dwight Nguyen, Mateo Nunez and Jack Grocock was magnificent all night long, as were tight ends Keane Frank and Chase Baker.

"Everyone competed hard at the line of scrimmage," Rocklin coach Jason Adams said. "The running backs ran hard; the blocking was phenomenal. It was a good high school football game on

both sides of the ball. The play at the line of scrimmage was inspiring. The offensive linemen are great competitors and teammates."

Rocklin lit up the scoreboard first and actually scored all four times they had the ball in the first half, Merino ending the team's opening drive with a four-yard touchdown run.

Granite Bay answered on a 27-yard run by Isaiah Ene, his longest run of the night that saw him gain 82 yards on 15 carries.

Rocklin started the second quarter with a 15-yard touchdown run from Merino. Granite Bay took only two plays to score on its next drive, when Darnell Turner Jr. scored on a 57-yard reverse, tying the game at 14.

Merino's third touchdown run, this one from two yards, put Rocklin up seven before Granite Bay answered with a seven-yard pass from Nick Harris to Turner with tied the game with 1:07 to play in the half.

The key to the game is what happened next. Rocklin drove 62 yards on five plays, capped off by a magnificent 29-yard touchdown catch by Frank, who jumped up and reached back, twisting his body toward his outside shoulder to complete the catch on the bullet thrown by

## FLAG FOOTBALL

# West Park scores big wins over McClatchy, Antelope

BY MATT LONG  
OF GOLD MOUNTAIN NEWS MEDIA

What a week it was for West Park's varsity girls flag football team.

On Tuesday, the Panthers upset previously unbeaten McClatchy 13-12, which was not only leading the Metro League with a 6-0 record, but was 23-0 on the season and had handed West Park its only four losses on the season.

Then on Thursday, the Panthers defeated Antelope 26-25 in what has to have been one of the most entertaining games of the season.

With West Park trailing 19-13, the Panthers drove down the field and scored the game-tying touchdown on a pass from Emily Cory to Ciara Miller. Cory then connected with Annalyse Braden for the conversion to put West Park up, 20-19, with about 2:40 to play in the game.

On Antelope's next play from scrimmage, West Park's Laila Karzai intercepted a pass and returned it to the 13-yard line, and three plays later, Cory hooked up with Kayleigh Oseto for a six-yard touchdown pass, making the score 26-19 with 1:20 to play.

Antelope's offense, led by quarterback Izzi Siegler, then drove down the field and scored with a second left on the clock and the ensuing extra point would send the game into overtime, but Siegler was sacked by Althea Mamcang, giving the Panthers an exciting 26-25 win.

West Park's first two

touchdowns in the first half came on a 22-yard pass from Cory to Miller and then a two-yard pass from Cory to Arzo Shinwari. Cory also threw an extra-point pass to Callie Gemmell.

"Antelope definitely came out with more speed and better hands than they had when we played them previously," West Park coach Liz Danielson said. "We stuck to our short game, which is exactly what we needed to do."

"We're a young team, but we're getting smarter. You see that whenever we're in short contention that we're able to place the ball, we're able to run the ball out of bounds, we're able to stay inside, find those gaps, find those routes and stick to those routes. These things are all general football knowledge, but these kids have only been around it for a year and a half. It's been a huge win for females and football."

West Park is now co-leaders of the Metro League with McClatchy with a 7-1 record. With wins on the road against Kennedy (1-7) and Cordova (2-6) next week, West Park would earn a piece of the Metro League championship and with a 19-4 record overall would likely be looking a nice seed in the Division II playoffs.

"We're really excited for the postseason," Danielson said. "We're hoping to have a few home games and put up some big numbers before things get tougher in the later rounds."

# Oakmont has shot at league title

BY MATT LONG

OF GOLD MOUNTAIN NEWS MEDIA

Oakmont's varsity football team didn't win a game last season.

This year, the team is 4-1 in league and 6-2 overall and has a chance to win a Pioneer Valley League championship with wins in their final two games. That's quite a turnaround from last season.

Friday night at home, the Vikings face Marysville, a team that upset previously undefeated Wheatland on Friday, 22-6. All three teams enter this week's games with a 4-1 league record. Oakmont travels to Wheatland next week in the final game of the regular season, but before that, must deal with Marysville.

"Marysville just upset Wheatland, but Wheatland was playing without their starting quarterback so we don't know what happened there," Oakmont coach Jake Messina said. "Marysville has some athletic dudes who run around and make

BRIAN O'BRIEN

Beau Ogles threw and ran for a touchdown in Oakmont's win against Mira Loma last Friday.

plays. Their running back is really explosive. I think we're playing at a high level, but we're going to have to amp it up. We've played well at home, but we can't get out of sorts."

The Vikings are coming off a 56-0 win over Mira Loma. The Vikings obviously dominated the game and did so early, working up a 40-0 lead by halftime.

Oakmont scored six touchdowns on the ground; two by Suleiman Hassan-Olajoku and one each from Beau Ogles, Andrew Merino, Derek Prior and Kendall Barber. Through the air, Ogles threw a touchdown pass to Jayden Beasley.

Defensively, Oakmont benefited from four turnovers: two interceptions from Elijah Hunt and one by Nicholas Radican, as well as a fumble recovery from Devin McKinley. Mac Hughes led the way with eight tackles, while Rylee Kashow made seven.

# Woodcreek plays Inderkum tough in loss

BY MATT LONG

OF GOLD MOUNTAIN NEWS MEDIA

Woodcreek gave Inderkum all they could handle on Friday in a 21-7 loss and while the defense played very well against an explosive offensive, the offense struggled once again.

The Timberwolves had trouble putting much offense together and though it was a close game, Coach Brad Hunkins and his players are not into moral victories.

"We played pretty well defensively and got a couple of fumble recoveries on punts, but we struggling offensively," Hunkins said. "We only found the end zone one time. We couldn't match their speed. We struggled picking up linebackers and guys blowing through gaps."

"Brody ran the ball well and he was aggressive and ran down hill. We were able to run off tackle and throw some slants and hitches, but anything over the top we either were off with the pass or there was a guy in our quarterback's lap."

Woodcreek trailed 7-0 at halftime and were only down 14-0 after three quarters.

Krupp scored the

team's only touchdown early in the fourth quarter on a 20-yard run, which brought the Timberwolves within seven points of the lead, trailing 14-7.

The heartbreaking play of the game came a bit later near the end of the game. Inderkum had just scored to take a 21-7 lead and Woodcreek's Landon Juneau appeared to be on his way to a kickoff return for a score, which would have made the score 21-14, or 15, had they gone for two points, but Juneau fumbled the ball and it went out of the end zone for a touchback.

"Landon got caught from behind and the ball went on the ground and out of the back of the end zone," Hunkins said. "We hadn't turned it over all game and that would have made it a one-score game."

Woodcreek quarterback Trace Murchison suffered a neck injury in the second quarter and had to be taken from the field on spine board. That incident no doubt shocked the Timberwolves and affected their play.

"It was all precautionary; he was conscious and fully-functioning, but the doctor's weren't

taking any chances," Hunkins said. "Trace walked out of the hospital overnight so that's a good thing."

Max LaComte replaced Murchison and did OK, but the offensive line struggled.

"We didn't do a good job blocking for Max," Hunkins said. "It's the same story; our offense is leaving our defense out to dry. Our defense played fast, physical and fearless, but if you don't control the line of scrimmage on offense, you're going to struggle."

Woodcreek (2-3 in league, 3-5 overall) will host Bella Vista (0-4, 0-8) on Friday night and will not only hope to get their fourth win and qualify for the playoffs, but also will honor the team's 17 seniors.

"Bella Vista hasn't won a game yet and I'm sure them knocking off anyone would be a great feat for them so we're going to have to play four quarters to win," Hunkins said. "It's our senior night and 12 of our 17 seniors have played football all four years, including Brody, who has played four years of varsity football. We're going to celebrate those players on Friday night."

continued from B1

quarterback Reeve Sloan, who was nearly perfect on the night, as he finished 9-for-11 for 128 yards.

Rocklin fumbled the opening kickoff of the second half, giving Granite Bay a chance to capitalize with the ball at the Rocklin 34-yard line. The Grizzlies went backwards 16 yards in three plays before a 16-yard pass to Turner put them in a fourth-and-10 position back at the initial line of scrimmage. Harris' fourth-down pass, however, was off the mark and Rocklin

took over on downs.

"I thought that was the key moment of the game," Adams said. "Our defense got their first real stop of the night and it was inspiring. After that first half, we thought we were going to have to outscore them, but our defense came to life. I'm proud of their effort."

Rocklin's last score came late in the third quarter on an 18-yard run from Keeley.

Granite Bay only had the ball three times in the second half. Two drives ended in downs and the third ended with an interception by Keeley, who also did the job on the Grizzlies defensively.

Harris finished the night completing 17-of-23 passes for 203 yards with one touchdown and two interceptions. Joseph Cattolico caught seven passes for 92 yards, while Turner caught six passes for 91 yards.

"I thought our kids played great," Granite Bay coach Joe Cattolico said. "We battled and battled and kept fighting in every situation. Obviously, we've got to make a few more plays. I think we will have the opportunities moving forward to do that."

Next week, Rocklin heads to Del Oro, while Granite Bay hosts Davis.

## Assistance League® of Greater Placer, Operation School Bell® School Clothing program is rocking and rolling.

The Assistance League® of Greater Placer, Operation School Bell® School Clothing program is rocking and rolling this year with seven shopping events lined up! **There are a whopping 1,700 students from 106 schools registered** and ready to shop and fill their carts with new school clothing. Our dedicated Assistance League of Greater Placer volunteers are buzzing around like busy bees, making it all happen!

You may have heard of our Operation School Bell program (OSB). It's our cornerstone community program that helps clothe students in need. **Local public K-12 schools have partnered with Assistance League of Greater Placer to provide school clothing to those students who need them.** The correlation between proper attire and a student's confidence cannot be overstated. When students feel good about how they look, they are more likely to engage in classroom activities, participate in social interactions, and focus on their studies. Placer County schools understand this. Through their teachers and counselors, they identify students that may be in need and pass their names on to Assistance League to participate in our shopping events. At each event, students receive personalized attention to ensure they get the clothes that make them feel confident and ready to take on the school year. The energy at these events is simply contagious, with smiles, laughter, and a real sense of community spirit.

These shopping events are held each October at **Target stores in Auburn, Lincoln, Rocklin, and Roseville.** If you happen to be shopping at a local Target store during October and notice a slew of women in red and blue aprons, you may have shopped during one of our Operation School Bell events. Target has long supported our OSB program, and we are profoundly grateful to Target for joining us in supporting our Placer County students.

We could not do this without the support of our community and would like to thank the following for their generous grants to our OSB program. We would also like to thank the **Latino Leadership Council** for their translation support during these shopping events.

- ✓ **George W. Bauer Family Foundation**
- ✓ **Roseville Grants Commission**
- ✓ **Save Mart CARES Foundation**
- ✓ **United Auburn Indian Community (UAIC)**

In addition to these wonderful grants, many businesses and individuals have also contributed. These contributions ensure that we can continue to expand our reach and make a significant difference in the lives of so many children in the Greater Placer community.

Assistance League of Greater Placer is a nonprofit organization run entirely by volunteers. These events could not happen without the hundreds of hours our members volunteer. Every volunteer agrees that it's truly rewarding to see the joy on the faces of children and their families as they shop at these events.

JJ Yong put the team up 14-10 midway through the quarter.

Roseville scored two more touchdowns in the fourth quarter; once on a four-yard run by Colton Wolfe and another on a 66-yard fumble return from Jack Walker to put the game away.

Wolfe scored the team's first touchdown in the second quarter on a five-yard run.

"We had six possessions and scored on three or them," Reinking said. "We fumbled on another one. We're going to re-evaluate that one because I'm tired of

fumbling the ball. With the exception of the fumble, I'm not disappointed with how the offense played. They (NU) had the ball a large portion of the second half."

Wolfe, out since early in the game against West Park, returned with an ankle that will need surgery after the season and still rushed for 39 yards and two touchdowns. Susnara completed 12-of-19 passes for 131 yards and one touchdown, while Yong caught six balls for 91 yards.

"It wasn't pretty, but Nevada Union did a good job of controlling the clock," Reinking said. "At some point, we're going to either stop making mistakes and be a pretty good football team or we won't."

# Sierra fends off Feather River in conference opener

BY JORDAN GEORGEON  
OF GOLD MOUNTAIN NEWS MEDIA

Conference play opened last weekend across the 3C2A and Sierra College looked to string wins together for the first time this season.

The Wolverines scored more than 40 points for the second straight game and fended off a Feather River comeback for a 42-40 victory in a NorCal Conference opener in Quincy.

Sierra punched the ball into the end zone twice in the first quarter on a four-yard touchdown run by Jayr Ramirez and a 65-yard strike from Maddox Varella to Zavery Guerra. Varella went on to throw touchdown passes to Deangelo Lewis and Sebastian Sutton in the second and third quarters. Varella passed for 277 yards and three touchdowns against

two interceptions. Guerra was his top target with 111 yards on four receptions.

The Sierra running game made its mark as well, as Elijah Reed, Jayr Ramirez and Jaquin Porayco each scampered in for scores. The Wolverines rushed for 230 yards on 30 attempts, Reed leading with 75 yards on five carries. Ramirez and Josh Hamilton added 65 and 62 yards.

The Wolverines held a 42-27 lead after three quarters and the defense stood tall for most of the fourth, but Feather River added two touchdowns in one minute to cut the lead to two. The first score for the Golden Eagles came with 3:01 remaining when Kyle Valdez ran in from seven yards out. Less than a minute later, disaster struck as the Wolverines fumbled the ball and Michael Bryant

Josh Maxwell had a game-high 14 tackles for the Wolverines.

scooped it up and ran it back for a touchdown with 2:29 remaining.

Feather River went for two to tie, but the pass was unsuccessful and it would not get the ball back. The Wolverines ran out the of the clock to hang on.

Josh Maxwell made his mark defensively with

a game-high 14 tackles, including two tackles for loss. Kaden Hupp and Jake Hall each had nine tackles. Tom Sackinsky and Sean Cotten combined for Sierra's only sack, and Ben Drake had an interception.

Sierra (3-3, 1-0) hosts Santa Rosa (2-4, 0-1) on Saturday at 1 p.m.

### Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off to conquer your pencil and put your sudoku savvy to the test!

Here's How It Works:  
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**PUBLIC HEARING NOTICE**

NOTICE IS HEREBY GIVEN that the PLANNING COMMISSION of the City of Rocklin will hold a public hearing in the COUNCIL CHAMBERS at Rocklin City Hall, 3970 Rocklin Road, beginning at 6:30 p.m. on TUESDAY, NOVEMBER 5, 2024 to consider the following:

RE: WEST ROCKLIN ANNEXATION PRE-ZONING  
PRE-ZONE, PZ2024-0001

This project is a request for approval of a Pre-zoning for two undeveloped parcels located adjacent to State Highway 65 that are proposed to be annexed into the City of Rocklin. The pre-zoning for both parcels is consistent with the underlying General Plan Land Use designations. Parcel 1 (High-Density Residential land use designation) will receive a pre-zone of R-3 (multiple-family residential), while Parcel 2 (Business Professional land use designation) will receive a pre-zone of Planned Development - Business Professional/Commercial. Staff seeks approval of a Resolution of the Planning Commission of the City of Rocklin recommending City Council approval of the pre-zone, thereby directing staff to submit an application to the Local Agency Formation Commission (LAFCO) to initiate annexation of the parcels into the city.

The subject sites are located in Northwest Rocklin adjacent to State Highway 65. Parcel 1 is located at the westerly terminus of West Oaks Boulevard (APN: 365-020-076), and Parcel 2 is located west of University Avenue and south of Orchid Drive (APN: 017-276-003).

Environmental review of the proposed annexation for Parcel 1 was accomplished through a Mitigated Negative Declaration (City Council Resolution No. 2024-036) prepared for the approved West Oaks Apartment project, of which Parcel 1 is a part. The pre-zone and annexation of Parcel 2 is consistent with the land use and activities assumed in the Rocklin General Plan and analyzed in the General Plan Environmental Impact Report (City Council Resolution 2012-170), therefore no further analysis is required.

The applicant is the City of Rocklin. The property owners are Black Iris LLC (Parcel 1) and Jessup University (Parcel 2).

Any person interested in any agenda item may contact the Planning Staff prior to the meeting date, during regular business hours, Monday through Friday between 8:00 a.m. and 4:00 p.m., or by phoning (916) 625-5100 for further information. Agenda information including staff reports, resolutions, and exhibits are typically available the Wednesday prior to the public hearing date on the City website (<http://www.rocklin.ca.us/agendas-and-minutes>).

Any member of the public is welcome to comment on the application. Members of the public may also provide comments on the project via email at [meetingcomments@rocklin.ca.us](mailto:meetingcomments@rocklin.ca.us). E-mailed comments must be received by 3pm the day of the hearing. The public may listen to audio or view the meeting via live stream at <https://rocklin.ca.us/agendas-minutes>.

Court challenges to any public hearing items may be limited to only those issues which are raised at the public hearing described in the notice or in written correspondence delivered to the City at or prior to the public hearing. **NOTICE TO POTENTIAL BIDDERS:** If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property.

**NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (866) 266-7512 or visit this internet website [www.elitepostandpub.com](http://www.elitepostandpub.com), using the file number assigned to this case 24-69055. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale.

**NOTICE TO TENANT:** You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (866) 266-7512, or visit this internet website [www.elitepostandpub.com](http://www.elitepostandpub.com), using the file number assigned to this case 24-69055 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. PROJECT DESCRIPTION/LOCATION – To comply with State law, each jurisdiction in California was required to update their General Plan Housing Element for the 2021 - 2029 planning period. State law also requires each jurisdiction to maintain an adequate number of sites with the development potential to accommodate housing affordable to all household income levels, known as the Regional Housing Need Allocation (RHNA). Prior to adoption of the latest Housing Element, City Council approved a list of sites to accommodate the City's RHNA obligation. This project will complete the General Plan and Zoning ordinance amendments to complete the RHNA requirements the City committed to, and to maintain compliance with State law.

The project does not trigger the need for supplemental or subsequent review under Section 15162 of CEQA Guidelines, as the proposed amendments are consistent with the goals and policies of the General Plan, and no new or substantially significant impacts are anticipated. Further, a site-specific environmental review will be required for proposed development projects on each site. Therefore, an EIR Addendum has been prepared pursuant to Section 15164 of the State CEQA Guidelines.

Any person interested in any agenda item may contact the Planning Staff prior to the meeting date, during regular business hours, Monday through Friday between 8:00 a.m. and 4:00 p.m., or by phoning (916) 625-5100 for further information. Agenda information including staff reports, resolutions, and exhibits are typically available the Wednesday prior to the public hearing date on the City website (<http://www.rocklin.ca.us/agendas-and-minutes>).

WHEREAS, this Board has held noticed public hearings as required by the Act relative to (i) the determination to proceed with the formation of the CFD and the rate and method of apportionment of the special tax to be levied within the CFD to finance a portion of the costs of the facilities and (ii) the issuance of not to exceed \$7,100,000 of bonded indebtedness for the CFD;

WHEREAS, at said hearing all persons desiring to be heard on all matters pertaining to the formation of the CFD and the levy of said special taxes were heard, substantial evidence was presented and considered by this Board and a full and fair hearing was held;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF THE CALIFORNIA MUNICIPAL FINANCE AUTHORITY, as follows:

Section 1. By the passage of this Ordinance this Board hereby authorizes and levies special taxes within the CFD pursuant to the Act, in accordance with the rate and method of apportionment of the Special Tax (the "Rate and Method") set forth as an exhibit to the Resolution of Formation, which Resolution of Formation is by this reference incorporated herein, and as such Rate and Method may be amended in accordance with its terms. The special taxes are hereby authorized to be levied commencing in fiscal year 2024-25 and in each fiscal year thereafter until payment in full of any bonds issued by the Authority for the CFD (the "Bonds") or such longer period provided in the Rate and Method, as contemplated by the Resolution of Formation and the Resolution of Necessity, and all costs of administering the CFD.

Section 2. The Executive Director of the Authority is hereby authorized and directed each fiscal year to determine or cause to be determined the specific special tax rate and amount to be levied for the next ensuing fiscal year for each parcel of real property within the CFD, in the manner and as provided in the Rate and Method.

Section 3. Except as provided in the Rate and Method, properties or entities of the State of California, federal or local governments shall be exempt from any levy of the special taxes unless specifically provided otherwise in the Rate and Method. In no event shall the special taxes be levied on any parcel within the CFD in excess of the maximum tax specified in the Rate and Method.

In addition, the provisions of Section 53356.1 of the Act shall apply to delinquent special tax payments. The Executive Director of the Authority is hereby authorized and directed to provide all necessary information to the auditor/tax collector of the County of Placer in order to effect proper billing and collection of the special tax, so that the special tax shall be included on the secured property tax roll of the County of Placer for each fiscal year, as needed, until the Bonds are paid in full or such longer period of time provided in the Rate and Method.

If for any reason any portion of this Ordinance is found to be invalid, or if the special tax is found inapplicable to any particular parcel within the CFD, by a court of competent jurisdiction, the balance of this Ordinance and the application of the special tax to the remaining parcels within the CFD shall not be affected.

Section 7. An Authorized Signatory shall sign this Ordinance and the Secretary shall cause the same to be published within 15 days after its passage at least once in a newspaper of general circulation published and circulated in the Authority.

## KT Tunstall finds acoustic shows to be easier than playing with a band

By L. Kent Wolgamott  
 Last Word Features

Blame it on “Black Horse and the Cherry Tree,” then “Suddenly I See” — the songs that made KT Tunstall the pop star she never wanted to be.

Recorded live on England’s “Later with ... Jules Holland” with the Scottish singer-songwriter singing, playing guitar, tambourine and a loop pedal, “Black Horse and the Cherry Tree” triggered Tunstall’s 2005 nomination for the Mercury Prize, England’s highest musical award, and was named Track of the Year by Q magazine.

With “Suddenly I See” heading up the U.K. and U.S. charts, and “Black Horse and the Cherry Tree” earning a Grammy nomination, Tunstall’s debut album “Eye of the Telescope” became a global smash by selling more than 2 million albums.

“I’m just a terrible pop star,” Tunstall said in a recent phone interview. “I’m a pretty good indie musician, but I’m really not built to be a pop star. Pop meaning popular. Maybe the difference is in the desire, the thing that gets you up in the

morning wanting to do it. Mine was never fame and making money. Mine was playing and making stuff.

“Then I have this wildly successful album that pushes me into being a pop star,” she said. “I’m eternally grateful for it. It gave me an amazing adventure. But it wasn’t me.”

The grind of touring, playing the same songs night after night in venues that all look the same and never getting a chance to experience the places where she would play took its toll on Tunstall, and she began scaling back — releasing albums every three or four years, touring behind them, then taking time off to pursue other interests.

Moving from Los Angeles to Santa Fe, New Mexico, Tunstall has written musicals, contributed to children’s records and movie soundtracks. And she can now do solo acoustic tours rather than just hit the road with a band.

“It’s wonderful,” she said. “You feel like you’re going to die with so much happiness. You get to find your creativity and your craft in so many things. I should get T-shirts made that say ‘I

Though Sam (Bridget Everett) may appear to be a true Kansan on the surface, she has always struggled to fit in with her hometown. Grappling with loss and acceptance, singing is Sam's saving grace and leads her on a journey to discover herself and a community of outsiders who don't fit in but don't give up, showing that finding your people — and finding your voice — is possible. In Season 3 of "Somebody Somewhere," premiering Sunday, Oct. 27, on HBO and Max, we see growth against all odds. **"ARABESQUE"**

Director Stanley Donen ("Singin' in the Rain") built a reputation for elegant international thrillers with major stars in the 1960s, and this relatively lighthearted 1966 mystery — making its 4K Ultra HD debut — was one of them. Gregory Peck (in a role that Cary Grant, who had made "Charade" with Donen, had been sought for) plays a hieroglyphics-savvy professor who gets caught up in decoding a message apparently linked to espionage and murder, with Sophia Loren as a woman who becomes his ally as he attempts to stay alive in an ever-more-complicated web of intrigue. Alan Badel, Kieron Moore and George Coulouris are in the supporting cast, but the charisma between Peck and Loren is a major draw throughout the film. The British-based production's Henry Mancini music score is great. \*\*\* (Not rated: AS, V) (Also on DVD and Blu-ray)

**"A MAN CALLED SHENANDOAH: THE COMPLETE SERIES"**

Robert Horton had made a name for himself in television Westerns on "Wagon Train," and though he intended to leave the genre behind afterwards, he returned to it in the title role of this 1965-66 series (now being released on Blu-ray by Warner Archive). The character is wounded and left for dead, then recovers and finds himself with amnesia, trying to recover his memory and identity as he travels through the Old West. Guest performers included many then-stars-to-be, from Bruce Dern, Sally Kellerman, Edward Asner and George Kennedy to three talents who were about to become "Star Trek" icons: Leonard Nimoy, DeForest Kelley and James Doohan. \*\*\* (Not rated: AS, V) (Also on DVD)

**"SOUTH PARK (NOT SUITABLE FOR CHILDREN)"**

Originally presented as a stand-alone special on Paramount+, this expanded-length showcase for Trey Parker and Matt Stone's offbeat animated characters finds Randy Marsh and others concerned to learn that one of the local elementary school's teachers has a questionable social-media page, created in response to a page that Randy developed himself. The discovery prompts Randy to take a deep dive into the world of online influencers — giving Parker, Stone and their colleagues their usual license

to satirize the subject at hand, with the FBI eventually becoming involved in the situation here. Another plot involves the promotion of a hydration drink with advertising that's not exactly truthful. \*\*\* (Not rated: AS, N, P) (Also on Blu-ray)

**"ADDAMS FAMILY VALUES"**

Getting a 4K Ultra HD release just in time for Halloween, this 1993 horror comedy is a sequel to an earlier live-action comedy based on Charles Addams's famously macabre cartoons. A new baby in the Addams household sparks all sorts of complications, a major one being the hiring of a nanny (Joan Cusack) who happens to be a serial killer with

her eye on Uncle Fester (Christopher Lloyd). Anjelica Huston and Raul Julia are back as Morticia and Gomez, with Christina Ricci and Jimmy Workman as Addams children Wednesday and Pugsley, and Carel Struycken as fearsome manservant Lurch. Carol Kane, Christine Baranski and Peter MacNicol are among other familiar faces in returning director Barry Sonnenfeld's cast. \*\*\* (PG-13: AS, P, V) (Also on DVD and Blu-ray)
